GLEBE ROAD LIVINGSTONE HEIGHTS

CHERRYDALE VIRGINIA

THE SIMPSON IRIS GARDENS

GET YOUR IRIS ROOTS FROM AN IRIS SPECIALIST

rather than from a big seed and nursery firm—for he not only gives you a much larger choice of varieties to select from, but his descriptions and comments are frequently more illuminating and candid, his roots are generally better attended to, and he needs your patronage!

SHIPPING AND PLANTING TIMES

Summer or fall shipments begin about June 20th and continue until freezing weather. Spring planting is perfectly safe, though July, August and September are the best months for doing this.

Telephone or Telegraph Orders

Orders from persons known to us will be accepted by telephone or telegraph. The phone is via Washington, D. C., or Clarendon, Va., "Walnut 9301." Telegrams should be addressed, via Washington, to "H. P. Simpson, phone Walnut 9301, Cherrydale, Va."

How to reach the Simpson Gardens by automobile: As a rule, make for Washington, D. C., and then cross the Potomac over the Key Bridge, at the south end of which you will be in Rosslyn; get on the Lee Highway here and drive west for three miles until the Glebe Road is crossed (at Lee or Livingstone Heights), at which crossing turn north and about 300 yards farther is the site of the gardens. Briefly, the Gardens are three miles from Washington, at Livingstone Heights, corner Glebe Road and Livingstone Avenue, one-half mile west of Cherrydale, Va.

Prices have never been so low, and this is your best opportunity to secure roots of many of the finest ones at remarkable prices. Postage paid on all orders of \$2.00 or over; under \$2.00, please enclose 25c for postage and packing.

Cash with order by either check or money order, unless otherwise specified by special correspondence.

Five per cent discount on all orders (excepting from Bargain Lists "A" and "B") of \$10.00 and up to \$20.00; 10% on orders of \$20.00 to \$60.00; 15% on those of \$60.00 and over.

In the case of large orders, say for \$25.00 or more, special arrangements can be made for deferred payments with responsible persons.

Orders of less than one dollar are respectfully declined.

THE SIMPSON IRIS GARDENS

A SELECT LIST OF BOTH NEW AND STANDARD VARIETIES

Prices are for strong standard size single rhizomes; in some cases, as with the older varieties we can and will send double or branched rhizomes—however, we cannot promise to always send this extra size for rarity of the variety and our amount of stock will have to govern us to some extent. No thumb-nail sizes are sent out but please keep in mind that most of the yellow kinds naturally grow small roots and no one can help this.

Satisfaction is guaranteed to all reasonable purchasers.

Three roots (rhizomes) of a 25c variety will be sold for 50c; three of a 30c kind for 65c; three of a 35c kind for 75c, and some similar reduction can be made for three of any kind here listed, except in the case of the high priced or scarce varieties.

Heights are given in inches to help you in your selections as (32). **S.** means the standards or upright petals. **F.** means the falls or lower petals.

MISCELLANEOUS IRISES

Sibirica:

Snow Queen, small clumps.....	each 40c
Blue King, small clumps.....	“ 40c
Grey Prince (a beautiful blue and grey Simpson seedling), small clumps.....	“ 50c
Perry's Blue, small clumps.....	“ 40c
True Blue, small clumps.....	“ 40c
Foliosa, intense blue.....	“ 25c
Spuria, Lord Wolseley.....	“ 50c
Ochraleuca, tall white.....	“ 50c
Tectorum, blue	“ 35c
Tectorum, alba (white).....	“ 50c

These miscellaneous Irises, with the exception of the Sibirica's, as a rule grow small roots and are comparatively slow growing. They are not recommended for summer planting; the fall or very early spring is best for moving them.

INTERESTING COMMENTS ON A FEW VARIETIES FROM VARIOUS PARTS OF THE COUNTRY

- Alcazar:** “I still maintain, makes the finest of garden clumps.”
—Mass.
- Ambassadeur:** “In its prime is unassailable.”
- Asia:** “It surpassed them all, both the newer and older varieties.”—Texas.
- Baldwin:** “Is surely one of the finest things in commerce.”—Oregon.
- Ballerine:** “I am inclined to believe it is the most beautiful variety in my garden even after comparing it with much newer varieties.”—Canada.
- Corrida:** “I put Corrida up with the blues to go with Ochracea and you can't beat this combination; it is supremely beautiful.”
- Crusader:** “The most dependable early, tall, large-flowered blue.”

THE SIMPSON IRIS GARDENS

- Depute Nomblot:** "The finest Cayeux Iris in this part of the country—really great, and more brilliant than Mrs.——."—Illinois.
- El Capitan:** "The fine manner and dignity of tall, upright El Capitan, a soft light lavender blue with large flowers, mark it as one of the really fine blues."—Minn.
- Frieda Mohr:** "The finest pink bi-color and the largest that I have ever seen."—Mass.
- Kashmir White:** "Is here one of the finest low-priced whites—hardy, tall, fine textured and floriferous."—Georgia.
- Legend:** "Easily the peer of any Iris I have seen."—Neb.
- Loetitia Michaud:** "Best light blue I have seen. I would not chance losing such a beauty."—Wash.
- Micheline Charriere:** "Among the whites, I just can't give this up."
- Moa:** "Most perfect stems of bloom in my garden."—Calif.
- Odaroloc:** "It is the best all-round mauve, tall and well anchored against the wind."—Mo.
- Petruchio:** "A stunning dark bi-color of great size and brilliance; a fine color and a rampant grower."—Ill.
- Picador:** "The acquaintance of this I made for the first time last year—it is the most blended type of variegata and I liked it very much."
- Pluie d'Or:** "It is unquestionably good as a really yellow Iris, carried on tall stems."—England.
- "Princess Beatrice, Queen Caterina, Mary Barnett and Corrida** are all true and tested garden Iris of the highest quality."—Ind.
- Purissima:** "The finest of all show Irises—huge, perfect form and flawless marble-white."—Ind. "The perfect white Iris—it is exquisite."—Va.
- Rameses:** "Every one will want it—it is exquisite."—Pa.
- Rhein Nixe:** "Still challenges the breeders of the world to do anything substantially better in the way of a true amoena."
- San Gabriel:** "Is one of the best for California gardens without a doubt."—Mass. (and probably for Southern gardens.—S. G.).
- The Yellows:** "Again and again we want the yellows, particularly the pale yellows, for airy lightness. Otherwise gardens may become masses of rich and somber bloom."—Mass.

WONDERFUL BARGAINS IN MIXED SIZES

AN UNUSUAL OPPORTUNITY TO SECURE ROOTS OF MANY ATTRACTIVE AND FAVORITE VARIETIES AT ALMOST BARE COST

Note the fine and well-known varieties in the two following lists. Sizes will be those known as the run-of-the-row of which some will be fully standard and others somewhat smaller. Good sizes or a generous count will always be given and your money's worth is guaranteed. Sold in dozen or half-dozen lots only, as listed below, and orders from these lists must amount to at least \$2.00. Postage paid east of the Mississippi; west of it and north of Chicago, add 6c for each dozen ordered.

Descriptions of the varieties will be found on other pages of this Price List.

LIST A

Many of the finest and most famous Irises in the country are in this list.

	<u>Per Six</u>		<u>Per Six</u>
Alcazar60	Lycaena60
Ambassadeur60	L. A. Williamson.....	.40
Asia60	Mme. Gaudichau60
Ballerine60	Magnifica70

Georgia70	Ricardi Fonce50
Geo. Tribolet50	Silver Ribbon60
Her Majesty50	Simonne Vaissiere75
Hesperis60	True Charm75
Jean Chevreau60		

Probably among the best in this list, prices and colors considered, are Ambassadeur, Asia, Damozel, Dusk, E. Michel, Geo. Tribolet, L. A. Williamson, Mme. Guadichau, Magnifica, Mother of Pearl, Odoroloc, Prospero, Queen Caterina, S. Vaissiere, and True Charm, to single out a few, which it is difficult to do considering the general high quality of the entire list. Think of these Irises at 10 cents or less a root, when only a few years ago most of them were each selling for many dollars!

THE SIMPSON IRIS GARDENS

LIST B

Many of the older favorites, and some not old, are in this list. Any of them would adorn your garden.

	<u>Per Doz.</u>		<u>Per Doz.</u>
Afterglow60	Loreley50
Albert Victor60	Mme. Chobaut60
Amas50	Mlle. Schwartz75

Jacquiesiana50	Thecla75
Kochii50	Trautlieb60
Leonidas60	Virginia Moore60
L. Trowbridge65	Victorine60
Lohengrin60	Windham60

Probably among the most satisfactory of all in this list are Afterglow, Amas, Archeveque, Aurea, Delicatissima, Fairy, Helge, Kochii, Lohengrin, Loreley, Mme. Chobaut, Mlle. Schwartz, Princess Victoria Louise, Quaker Lady, Rhein Nixe, Sindjkha, Shekinah, Storm Cloud, Thecla, and Trautlieb, though again it is difficult to single these out from so many attractive ones.

Try some from these two lists and you will not be disappointed. Add them to your garden and enjoy their beauty year after year.

A premium with orders for every two dollar's worth from Lists A and B! Three roots extra of any variety from List A or six of any one from List B—our selection, but mention three or four kinds you would like to have and we will select from these if possible.

Southern customers must use judgment in selecting yellows—

As to yellow varieties, their success in the extreme South and southern California is problematical and customers from these sections of the country are advised to use caution in their selections of them. With us, at Washington, D. C., as well as throughout the Middle Atlantic States, they grow to perfection; and of course there are other sections where they also grow well.
